## Introducing Hometouch

At Hometouch, we provide personalised live-in care for people with dementia.

"During my time as an NHS dementia specialist, I saw a broken care system - carers were unfulfilled and patients weren't getting the care they needed. I founded **Hometouch** to give carers and patients a better deal.

I've seen that arranging care for a loved one can be a difficult time, which is where this guide comes in. From broaching the subject of care with your loved one to working out how to fund it, we want it to empower you to make the best decisions for your family."

**Dr Jamie Wilson**  
Founder & CEO, Hometouch

## Where your loved one comes first

We know what it takes to make a great live-in carer – warmth, empathy and expertise. We've handpicked the finest carers from across the country to provide live-in home help, dementia live-in care and live-in care for the elderly, ready to assist your loved one live happily, safely and with dignity in their own home.

Choose your live-in carer

Our carers are paid above the industry average

We are founded by a dementia doctor and have an experienced clinical team

All our carers undergo in house dementia training

We cover 24 hours/day 365 days a year

Trusted by more than 1,000 families - we deliver 50,000 hours of care each month

### Exceptional Service

I have been both relieved & surprised to have found such an honest, organised & friendly service. Their integrity has shown itself not just in the candidates I have met, but also in the hands on, personal manner in which they have corresponded.

Speak to one of our care advisors to learn how live-in care can help you.
